

BUSH GEMS[®]

— Kangaroo Paw —

ANIGOZANTHOS BUSH TENACITY

Anigozanthos Bush Gems are a spectacular, versatile range of water-saving, easy care plants. These varieties offer spectacular colour, profuse flowering and a range of heights and exceptional quality. As a potted feature plant or en-masse in the garden, Bush Gems add interest to all garden styles.

Bush Tenacity features a multitude of large, golden yellow flowers that appear at the terminals of the strong upright stems. Of special interest, Bush Tenacity features red hairs on the stems and the flowers can hold their colour. This shorter lived perennial is best grown in containers or rockeries.

HIGHLIGHTS:

- Superior quality
- Drought hardy once established
- Low maintenance
- Spectacular colour range
- Long flowering
- Have a 2 week vase life as a cut flower
