

Eucalyptus cladocalyx 'EUC78' ♂ Vintage Red™

**AVAILABLE TO LICENCED OZBREED
 GROWERS ONLY**

Vintage Red™ Eucalyptus is a proven landscape tree with no reversion: plants are staying purple-red after 6 years. Vintage Red™ produces dramatic black stems which slowly develop to rich dark red colouration.

Vintage Red™ responds well to pruning to produce denser, more compact foliage. It has an extreme drought tolerance and will ve in very low rainfall areas.

HIGHLIGHTS:

- Light/medium frost tolerant
- Foliage can appear black
- Very drought tough
- Ideal for large garden homes, parks, roadsides, acreage and farms.

Species	<i>Eucalyptus cladocalyx</i>
Common name	Sugar Gum
Produced from	Tissue Culture
Height/Width	6-8m x 3-4m
Habit	Small evergreen tree
Growing pH	Slightly acidic to slightly alkaline (6.1-7.8)
Finishing Times	In 42mm tube, 10-12 weeks
