

Dianella revoluta 'DRG04' Revelation®

AVAILABLE TO LICENCED OZBREED GROWERS ONLY

Revelation® Dianella is medium sized with blue green foliage and small blue flowers from October to November.

Recent rains have caused disease in most Dianella revoluta types, but Revelation® Dianella has performed best in these conditions as it handles periodic wet feet much better.

It spreads slightly and has good erosion control capabilities strengthening the soil 135%

HIGHLIGHTS:

- Green-blue foliage
- Small blue flowers from Oct-Nov
- Can survive on natural rainfall in most populated areas in Australia
- Good erosion control
- Drought tolerant and frost
